CURRENT STUDENTS AND TRAINING

Over the last years, I have trained and worked with nearly 50 undergraduate and graduate students on various research projects. Several of them worked as independent researchers and led parts of a research team. All of them learned various research and methodological skills as well as about the details of the entire research process. Many students moved on to professorships, postdocs, graduate school, professional training or exciting jobs. Several students are co-authors of academic articles, data sets, or questionnaires.

Ph.D. Supervision Completed: 1

MA Supervision Completed: 12

Ph.D. Co-Supervision Completed: 7
